New Complaints – FDC Law, Midsomer Norton, BA3 2DF

Dear Sirs,

Attached are new complaints of professional misconduct, lies and deceit from someone else's solicitor. You will probably need to pass this to the SRA, but their web site, and yours, suggests that the above address is the first point of contact. I trust this is correct and that you will find the correct "home" for these complaints.

The nine pages detail the first five heads of complaint and outline the sixth. The links will clearly not work in the paper copy. For ease of reference I suggest the appointed caseworker(s) use the on-line copy at the URL given. This should all be up and running after the Christmas break and will give you single "click" access to comprehensive evidence and further details. I will need to know what else you require from me?

Further details of my aim of providing transparency may be found at

[www.lcs-test.co.uk](http://www.lcs-test.co.uk)

I look forward to hearing from you.

Yours sincerely

Spenser M. Poultney
